Specify with Confidence: **Equus Flooring Systems**

Why Choose Equus? Since 1982, Equus has delivered high-performance waterproofing, coatings and flooring solutions across New Zealand. With global partners, certified applicators and expert technical support, we help specifiers achieve lasting performance and design confidence.

EPOXY FLOORING

Ideal for light to medium-duty applications, the Epistixx range delivers fast-curing, hygienic surfaces approved by AsureQuality and Clean Room Standard ISO 14644.

- Epistixx Rapid / Rapid NS – Glossy or non-skid waterborne epoxy finishes
- Epistixx SL – Solvent-free, self-levelling epoxy for durability
- Epistixx CP – Semi-gloss finish tailored for carparks and drive-on areas

✓ NZ Made

✓ Custom Colour Matching Available

POLYURETHANE FLOORING

Designed for hard-wearing industrial environments with options from coloured sealers to self-levelling finishes.

- Traxx – Chemical resistant, hard wearing with non-skid options
- Traxx SL – Heavy-duty, self-levelling floor coating
- Traxx 2000 Topcoats – From pedestrian zones to carpark wear layers
- Traxx Clearseal & Colourseal – Protective sealers for concrete and stone

✓ Resistant to abrasion, chemicals, and traffic

✓ Ideal for cleanrooms, workshops, and healthcare spaces

INDUSTRIAL & HYGIENIC FLOORING

Engineered for performance in the toughest settings.

- Duracon MMA – Rapid-cure, slip-resistant systems
- Monopur SL – Antimicrobial, self-levelling polyurethane resin flooring
- Matacryl PUMMA – Liquid-applied waterproofing for carparks, balconies, and walkways

✓ Hygienic and chemical and thermal resistant

✓ Fast curing for minimal down time

Technical Support Built In

Equus provides expert design guidance and technical support from specification to installation, delivering tailored flooring solutions for lasting performance. Contact our team to discuss your project requirements.
