TPO Accessories

Equus TPO Adhesive

A natural rubber based, plasticiser resistant contact adhesive formulated bonding. TPO and EPDM roofing membranes to substrates. An excellent choice for permanent bonding of TPO, EPDM and most other roofing membranes to a variety of substrates and is also suitable for a wide variety of applications involving laminating of plastic materials.

Supplied in: • 17kg Recyclable Canister

Flexocol A89 Adhesive

Mono-component adhesive formulated with polyurethane, liquid with medium-low viscosity, moisture-curing, with controlled expansion. FLEXOCOL A89 is used for bonding of membranes FLAGON TPO or FLAGON PVC coupled to geotextile on horizontal surfaces.

Supplied in: • 12kg Can

SOPREMA Authorised Distributor

Citrus Cleaner

A high performance natural citrus based cleaner and degreaser formulated for removing a variety of adhesives and contaminants. Removes tape residue, cleans guns & tips, removes adhesive overspray, removes grease & tar, cleans up uncured adhesives, removes crayon & waterproof markers, removes dirt & scuff marks.

Supplied in: • 575ml Can

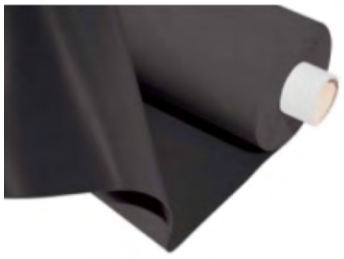
TPO Walkway Mat

A membrane composed of modified polyolefin (TPO) and a polyester reinforcement. Used as an anti-slip finish. The membrane is distinguished by a very high resistance to weathering and UV-rays. The top has an embossed structure.

By special order.

Supplied in: • 15m x 1m Roll

SOPREMA Authorised Distributor



TPO Walkway Supergrip

A non-reinforced protective sheet for walkways on roofs in combination with Flagon TPO/FPO roofing membranes. With embossed fishbone pattern.

By special order.

Supplied in: • 15m x 0.76m Roll
