Flagon TPO Roof & Deck Membrane

EQUUS SOPREMA FLAGON TPO is a cost-effective single-layer roofing membrane that provides durable, flame-free waterproofing for cold roofs, warm roofs and balcony applications. Combining excellent UV resistance, flexibility and puncture resistance, FLAGON TPO delivers reliable long-term performance across a wide range of projects.

BRANZ Appraised
Appraisal No. 1157

BRANZ Appraised
Appraisal No. 1169

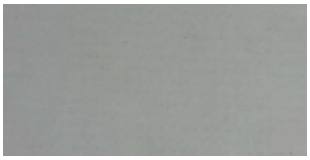
Manufactured from TPO-modified polyolefin and reinforced with polyester mesh, FLAGON TPO offers excellent weathering performance, mechanical strength and puncture resistance. A fleece-backed option is available where improved substrate compatibility or an enhanced aesthetic finish is required.

Installed without open flames using adhesive or mechanical fastening methods, FLAGON TPO features hot-air welded laps for secure, consistent seams. The system is suitable for roof gardens and ballasted applications, is BRANZ Appraised, compliant with the New Zealand Building Code and supported by a 20-year material warranty.

Available Colours:

Basalt Grey

Sand Grey



Grey

Key Product Benefits:

- Cost-effective single-layer TPO membrane
- High UV resistance and strong solar reflectivity
- Heat-welded laps for consistent waterproofing
- No open flame required during installation
- High puncture resistance with reinforced construction
- Excellent flexibility and weldability
- Available in a fleece-backed option

Technical Support:

- Project-specific specifications & details
- Approved installation nationwide & onsite QA
- System warranties
