Multi-Layer Membrane
Torch-On Membrane

Outlet Sizes

Roof Drain Bottom Exit 65mm,
80mm, 100mm, 150mm, 225mm
Deck Drain Bottom Exit 65mm,
80mm, 100mm

Integrating sustainability and environmentally friendly products into your design just got easier.

If you are designing a **Living Building Challenge** project, or are environmentally conscious, our **Full Stainless-Steel** range of outlets are now **Declare Label** listed and **Red List Free**.

Declare is a transparency platform and product database that is changing the global materials marketplace. It lists factors such as materials used, responsible sourcing and third-party verifications.

Living Building Challenge Red List Materials contain chemicals that have been designated as harmful to living creatures, including humans, or the environment.

Our Full Stainless-Steel range is design specifically for use with all Waterproofing Membrane systems commonly installed in New Zealand.

Declare.

Waterproofing Membrane Outlets
Aquaknight Industries Ltd

Final Assembly: Auckland, New Zealand
Life Expectancy: 50 Years (1)
End of Life Options: Salvageable/Reusable in its Entirety,
Recyclable (100%)

Ingredients:

Roof Drain 100mm: stainless steel

Living Building Challenge Criteria: Compliant

I-13 Red List:
