

EQUUS TRAXX FLOORING SYSTEM

Hard wearing, chemical resistant,
polyurethane floor coating

Equus Traxx Flooring Systems, a solution designed for durability and hygiene in demanding environments. This hard-wearing polyurethane coating is ideal for interior surfaces that experience heavy traffic or require a non-slip finish. With its easy-to-maintain properties, Equus Traxx ensures a glossy, clean and hygienic floor finish.

Equus Traxx systems are one or two component, chemical, and abrasion-resistant polyurethane floor coatings that offer heavy-duty yet economical solutions. Whether you need a smooth finish or a medium to coarse non-skid grade, Equus Traxx can be tailored to meet the specific requirements of your space.

This versatile flooring system is suitable for areas such as changing rooms and factory floors over concrete or steel with the appropriate primer. It's an excellent choice for new or existing concrete floors in commercial areas, providing a robust, chemical-resistant interior finish.

Equus Traxx can also be used for select exterior applications by specific design.

Key Benefits:

- 100% NZ made
- Proven durability with over 40 years in service history
- Easy to clean and maintain
- Economical floor coating option
- Chemical resistant and hard wearing
- Non-slip grades available
