

MATERIAL SAFETY DATA SHEET

SDS 121 PAGE 1 OF 6

1. Product and Company Identification

1.1 PRODUCT NAME: CHEVALINE FLEXX

1.2 USE OF PRODUCT Heavy bodied elastomeric coating for use as high-build body

coat for external waterproofing of walls and non-traffic roof

areas.

1.3 SUPPLIER: Equus Industries Ltd

Sheffield Street

Riverlands Industrial Estate

Blenheim, Marlborough, New Zealand

Telephone: +64 3 578 0214 Fax: +64 3 578 0919 Email: admin@equus.co.nz

1.4 EMERGENCY CONTACT: National Poison Centre

Telephone: 0800 764 766

Information about Safety Data Sheet: Telephone: +64 3 578 0214 8:00am - 6:00pm Mon - Fri

1.5 Date of Preparation: 10 June 2020

2. Hazards Identification

2.1 Statement of Hazardous Nature:

Classified as hazardous according to New Zealand Hazardous Substances (Minimum degrees of hazard) Regulations 2017.

2.2 DG Status:

Not regulated under NZS 5433 for land transport

2.3 Hazard Classification:

2.3.1 Class and GHS Category

Skin Sensitisation Cat 1
Reproductive toxicity Cat 2
Aquatic toxicity(acute) Cat 3

2.3.2 HSNO Category Hazard Statement

6.5B May cause an allergic skin reaction

6.8B Suspected of damaging fertility or the unborn child

9.1D Harmful to aquatic life

2.4 Pictogram:

Signal Word: Warning

2.5 Prevention Statements:

P201 Obtain special instructions before use.

P202 Do not handle until all safety precautions have been read and understood.

P261 Avoid breathing mist/spray.

P272 Contaminated work clothing should not be allowed out of workplace.

Equus Industries Ltd, Sheffield Street, Riverlands Industrial Estate, Blenheim, Marlborough, New Zealand Telephone: +64 3 578 0214 Fax: +64 3 5780919 Email: admin@equus.co.nz Web: www.equus.co.nz

P273 Avoid release to the environment

P280 (protective gloves) Wear protective gloves, clothing and eye protection.
P281 Use personal protective equipment as required.

2.6 Response Statements:

P302 + P352 IF ON SKIN: Wash with plenty of soap and water.

P333 + P313 If skin irritation or rash occurs: Get medical advice/attention

P363 Wash contaminated clothing before re-use.

P308 + P313 IF exposed or concerned: Get medical advice/ attention

2.7 Storage Statements:

P405 Store locked up

3. Composition/Information on Ingredients

3.1 Chemical Characterization (Mixture):

3.2 Hazardous Components:

CAS NO.	COMPONENT	CONCENTRATION (% weight)
25265-77-4	2,2,4-trmethyl-1,3-pentanediol monoisobutrate	0.82
1336-21-6	Ammonia hydroxide	< 0.12
	Mixed biocide preparation	>0.1-<0.25
	((Diuron/Carbendazim/2-Octyl-2H-isothiazol-3-	
	one)	
	Non-hazardous ingredients	Balance

4. First Aid Measures

4.1 After Inhalation:

Remove person to fresh air.

4.2 After Skin Contact:

Wash with plenty of soap and water as a precaution. If skin irritation develops, consult a doctor.

4.3 After Eye Contact:

Immediately rinse with plenty of water for at least 10 minutes, while holding eyelid open. Remove contact lenses, if present and easy to do. If eye irritation persists, consult a doctor.

4.4 After Ingestion:

Drink 1 or 2 glasses of water. Consult a doctor if necessary. Never give anything by mouth to an unconscious person.

5. Fire Fighting Measures

5.1 Suitable Extinguishing Media:

Use extinguishing media appropriate for surrounding fire.

5.2 Protective Equipment:

Wear self contained breathing apparatus and protective suit.

5.3 Specific Hazards:

Material can splatter above 100°C. Dried product can burn.

5.4 Combustion Products:

Carbon monoxide, carbon dioxide, toxic fumes and smoke. May yield acrylic monomers.

6. Accidental Release Measures

6.1 Preliminary Action and Precautions:

- **6.1.1** Use personal protective equipment.
- **6.1.2** Keep people away from and upwind of spill/leak.
- **6.1.3** Material can create slippery conditions.
- **6.1.4** Contain spills immediately with inert materials (e.g. sand, earth etc.)
- **6.1.5** Transfer liquids and solid diking material to suitable containers for recovery or disposal.
- **6.1.6** Keep spills and cleaning run off from entering sewers, drains and open bodies of water.

7. Handling and Storage

7.1 Handling:

- **7.1.1** Avoid contact with eyes, skin and clothing.
- **7.1.2** Wash hands thoroughly after handling.
- **7.1.3** Keep containers tightly closed when not in use.
- **7.1.4** Do not breathe vapours, mist or gas.

7.2 Storage:

- **7.2.1** Store in a cool well-ventilated space.
- **7.2.2** Keep containers tightly closed at all times.

8. Exposure Controls and Personal Protection Equipment

8.1 Exposure Limits:

No values assigned for this specific material by the New Zealand Workplace Health and Safety Authority.

CHEMICAL NAME	CAS NUMBER	REGULATION	LIMIT	
			ppm	Mg/m ³
Ammonium hydroxide	1336-21-6	WES/TWA	25	17
		WES/STEL	35	24
Diuron	330-54-1	WES/TWA	-	10

8.2 Exposure Controls:

8.2.1 Exposure Controls in the Workplace

Use only in well ventilated areas. Provide maximum ventilation in enclosed areas. Use local exhaust when the genera, ventilation is inadequate.

8.2.2 Personal Protection Equipment:

Respiratory Protection

If engineering controls are not effective in controlling airborne exposure, then an approved respirator with are placeable dust/particulate filter should be used. Reference should be made to Australia/New Zealand Standards AS/NZS 1715, Selection, Use and Maintenance of Respiratory Protective Devices; and AS/NZS 1716, Respiratory Protective Devices, in order to make any necessary changes for individual circumstances.

Eye Protection

Safety glasses with side shields or chemical goggles should be worn. Final choice of appropriate eye/face protection will vary according to individual circumstances. Eye protection devices should conform with Australia/New Zealand Standard AS/NZS 1337 — Eye Protectors for Industrial Applications.

Hand Protection

Wear gloves of impervious material. Final choice of appropriate gloves will vary according to individual circumstances i.e. methods of handling or according to risk assessments undertaken. References should be made to AS/NZS 2161.1: Occupational protective gloves — Selection, use and maintenance.

Body Protection

Suitable protective workwear, e.g. cotton overalls buttoned at neck and wrist is recommended. Chemical resistant apron is recommended where large quantities are handled. Industrial clothing should conform to the specifications detailed in AS/NZS 2919: Industrial Clothing.

9. Physical and Chemical Properties

9.1 General Information:

Physical State/FormPasty LiquidColourOff white

Odour Acrylic/Slightly ammoniacal

Odour ThresholdNot establishedPH9.0 -10.0Melting point/ freezing point<0 °C</td>

Initial Boiling Point/ Range >100 °C
Flash Point Not established
Evaporation rate Not established
Flammability (solid,gas) Not applicable

Upper/lower flammabilityor explosive limitsNot applicableVapour pressureNot establishedVapour densityNot established

Relative density 1.25

Water Solubility (ies) Dilutable/partially soluble

Water solubility of ingredients 2,2,4-trimethyl-1,3-pentanediol monoisobutyrate

0.5-3.79g/I @25°C

Partition coefficient:n-octanol/waterNot establishedAuto-ignition temperatureNot applicableDecomposition temperatureNot established

Viscosity Brookfield 50rpm, 15,200-22,400 cps @23°C

10. Stability and Reaction

10.1 General Information:

This product is stable, and no hazardous reactions are known.

10.2 Conditions to Avoid:

There are no known conditions which should be avoided.

10.3 Material to Avoid:

There are no known materials which are incompatible with this product.

10.4 Hazardous Decomposition Products:

None expected when material properly handled and stored. For thermal decomposition see Section 5.

11. Toxicological Information

11.1 General Information:

No specific data is available for this material.

11.2 Skin Contact:

Prolonged or consistent skin contact may result in allergic dermatitis, May also cause sensitisation.

11.3 Eye Contact:

May cause slight irritation including redness and tear formation.

11.4 Ingestion:

May cause gastrointestinal discomfort. Symptoms may include nausea, vomiting, lethargy or diarrhoea.

11.5 Inhalation:

Inhalation may cause a slight irritation to the respiratory tract.

12. Ecological Information

12.1 Environment Protection:

Prevent from entering sewers, drains and waterways.

12.2 Ecotoxicity:

No product specific data available.

12.3 Persistence and degradability:

No product specific data available.

12.4 Bioacummulative Potential:

No data product specific available.

13. Disposal Consideration

13.1 Material:

Recycle or dispose of according to regulation by incineration in a special waste incinerator or landfill at a permitted facility in accordance with local/national regulations.

14. Transport Information

14.1 Land Transport:

Not regulated under NZS 5433 for land transport.

14.2 Sea Transport: (IMO/IMDG): Not regulated.

14.3 Air Transport: (IATA/ICAO): Not regulated.

15. Regulatory Information

15.1 HSNO Approval:

Approved Code: HSR002670

HSNO Group Standard: Surface Coatings and colourants (Subsidiary Hazard)

15.2 HSNO Controls:

Approved Handler: Not required.

16. Other Information

16.1 Hazard Classifications:

6.3B Substances that are mildly irritating to the skin.
6.5B Substances that are contact sensitisers.

16.2 Abbreviations/Terminology:

HSNO Hazardous substances and New Organisms Act

CAS Chemical Abstract Service

WES Workplace Exposure Standard (Worksafe NZ)

TWA Time weighted average exposure level designed to protect from the

effects of long-term exposure.

STEL Short-term Exposure Level (15 minutes)

16.3 Issue Information:

Date of Preparation: 10 June 2020

Reasons: Update and format change

Replaces: 14 July 2016

16.4 The information contained in this Data Sheet relates only to the specific material identified. Equus Industries Ltd believes the information to be accurate and reliable as at the date of this Data Sheet. No Warranty, Guarantee or representation is expressed or implied by the Company as to the absolute correctness or completeness of any representation contained in this Data and assumes no legal responsibility in connection therewith. It can not be assumed that all acceptable safety measures are contained in this Data Sheet, or that additional measures may not be required under particular or exceptional circumstances or conditions.
