

INSURANCE BACKED PRODUCT GUARANTEE

PROVEN DURABILITY

Real-life membrane samples are consecutively tested by the external laboratory Belgian Building Research Institute (BBRI) and supervised by independent quality-control organization SGS International in different continents and climate zones. The life expectancy of our waterproofing membranes is currently 25 to 35 years based on the actual condition of exposed Soprema membranes worldwide.

COMPLETE ASSURANCE

The Soprema Guarantee is fully insured and the insurance premium is fully paid upon delivery of the warranty certificate for the total warranty period. The insurance-backed warranty remains in place regardless of a change in the status of the roofing applicator, manufacturer or building owner.

LOCAL EXPERTISE

Soprema's waterproofing membranes have been installed in New Zealand for more than 20 years. The product is developed and adapted to withstand the local climate conditions and is fully aligned with local application procedures, standards and regulations.

Soprema really guarantees a waterproof roof.

AUTHORISED DISTRIBUTOR
SOPREMA

SOPREMA GUARANTEE - NEW ZEALAND

FULLY INSURED GUARANTEE

With almost one century on the clock, Soprema takes pride in being the specialist in bituminous roofing membranes. All our waterproofing systems are of the highest quality standard on the worldwide market and covered by a strong and fully insured Soprema Guarantee. All approved applicators, architects or building owners, that have chosen for a Soprema waterproofing system, can rest assured about their decision as the system is fully covered for decennia long!

CHARACTERISTICS

- All Soprema DuO waterproofing systems for roofs are covered internationally when installed by an approved Soprema Applicator.
- Fully backed by insurance company **MSAmlin**, one of the world's largest insurers (www.msamlin.com).
- Insurance premium prepaid in full for the whole insurance period upon delivery of the Soprema warranty certificate.
- No depreciation nor amortization during the whole duration of the insurance covered period.
- Eventual re-assignment: If the property changes ownership, the guarantee can be assigned to the new building owners.
- Financial cover up to 1 Million Euro (€) per project.

PRODUCT GUARANTEE SOPREMA

COVER:

All leakage problems due to a defective Soprema product. The cover includes all required actions required to resolve the defect (if needed, it covers the eventual removal off defective material followed by the supply and application of new material)

COST:

Guarantee is free-of-charge for the applicator and building owner, without any franchise cost in the event of defect.

DURATION:

20 years

CONDITIONS:

- A complete Soprema system installed by an Equus Certified Applicator.
- The roof slope has to be minimum 1%.
- All parties involved in the original contract, manufacturer and applicator, must have been paid for the delivery and works in full.
- Guarantee starts at the defect-free handover of the roof.

APPLICATION GUARANTEE SOPREMA

COVER:

All leakage problems due to a defective Soprema product and/or defective installation. The cover includes all required actions required to resolve the defect (if needed, eventual removal of defective material followed by the supply and application of new material)

COST:

Subject to system specification and total contract sum. Contact Soprema or your local Soprema representative for more information

DURATION:

20 years
