

# SEDUMTRAY

A container made of recycled Polypropylene (PP)

June 2025

## PURPOSE AND AREAS OF USE:

The Equus Soprema Sedumtray is a container made of recycled Polypropylene (PP). The Sedumtray is cultivated with a minimum of 12 different Sedum species. With each delivery, there are at least 6 to 8 species present. The plants grow on a Sempergreen tray substrate. Sedumtray boast at least 95% coverage upon delivery.

The Sedumtray is a ready-to-use tray that can be applied on roofs with a slope of 0 to 20 degrees. If the roof pitch is more than 10 degrees, we recommend the incorporation of anti-shear measures. The plants are best suited to a location in the sun or partial shade.

## TECHNICAL DATA:

Characteristics	Units
Coverage	95%
Wet when dry	Approx. 12 kg/tray, 53 kg/m <sup>2</sup>
Saturated weight	Approx. 18 kg/tray, 80 kg/m <sup>2</sup>
Water buffering capacity	27 l/m <sup>2</sup>
Height excl. vegetation	8 cm
Height incl. vegetation	10-12 cm
Dimensions	45 x 49.5 cm For the outer row of trays, please take into account a size of 49.5 x 49.5 cm per tray during installation.
Trays per m <sup>2</sup>	4.4 items
Trays / m <sup>2</sup> per pallet	58 items / 13.12 m <sup>2</sup>
Dimensions of pallet	100 x 100 cm

## INSTALLATION:

The Sedumtrays can be ordered per piece. We recommend placing the trays in the shade immediately after delivery and installing them on the roof as soon as possible. On hot days above 25 °C, installation within 24 hours after delivery is essential.

The installation of the Sedumtrays is very simple: the trays can be clicked together. To protect the roofing, we recommend placing a protective cover underneath the trays. This cover can also absorb 3 l/m<sup>2</sup> of water.

SOPREMA has always attached the highest importance to the quality of the products, the environment and safety. For this reason, they operate independently monitored Quality and Environment Assurance Systems in line with EN ISO 9001 and EN ISO 14001.

## WARNINGS AND BANS:

Is the building product/building product line subject to warning or ban under section 26 of the Building Act 2004?	No
